## View Points

### Bwlch Penbarra & Foel Fenli

If it's been a glorious day and you anticipate a glorious sunset then a drive up to Bwlch Pen Barras car park (one of the start points for Moel Famau) will reward you with a wonderful sight.

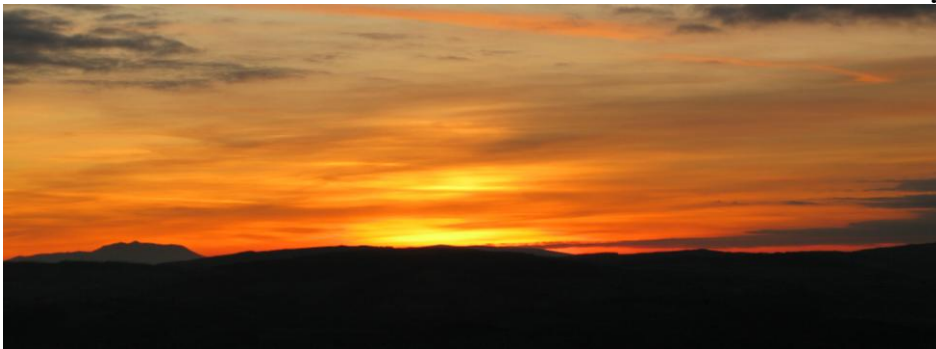

But if you leave the car and take the diagonal path leading up to Foel Fenli the view of the sunset will be even more dramatic.

When the path turns left and flattens out, then

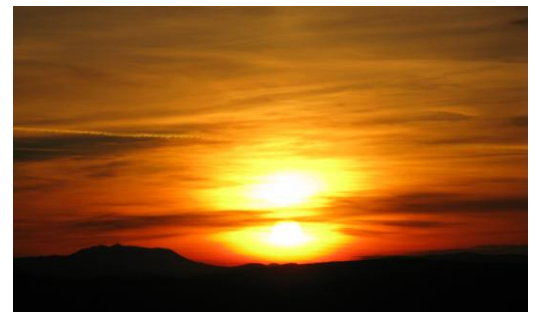

make yourself comfortable in the heather and settle down to watch the sun and the sky turn

ever redder. The distant hills and mountains turn black as they become hidden from the sun.

A look over your right shoulder to see the heather lit up with the sun's final rays is also a wonderful sight.

However if you become too enchanted with the spectacle you may find you are retracing your steps in the dark!
