## The Chain Bridge & Horseshoe Falls

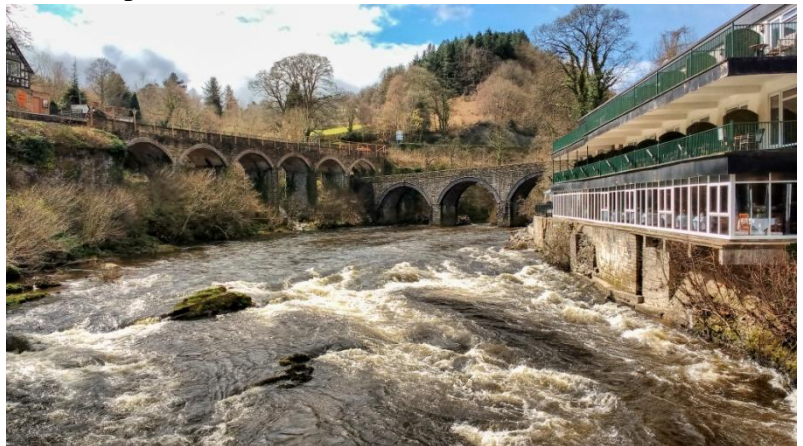

If you happen to be in Llangollen on a wet day and wondering what to do, then perhaps take a train ride to the Berwyn station.

The view from Berwyn station down to the River Dee and the Chain Bridge can be enjoyed from here.

But walk down the excellent surfaced path, under the railway to the Chain Bridge.

The views from the bridge are exciting as the River Dee surges below and marvel at the bridge structures up stream.

Walk over the Chain Bridge & out of the hotel, and then climb the metal steps up to the road. Cross the road and into the Llantysilio Green C.P.

Go to the top of the C.P. and into the field and look down to the Horseshoe Falls.

Perhaps call in the Chain Bridge Hotel for a drink before catching your train back to Llangollen.
