

# View Points

For a spectacular view without leaving the car, drive from Llandegla up towards the Ponderosa Cafe on the A542 and just before the Ponderosa turn right, towards the slate heap. Go past the slate heap of the old Moel y Faen quarry to a pull-in on the right.

Look north for views of the Clwydian Hills but on a clear day look west to see the peaks of Snowdonia (Eryri).

First picture shows Glyderau and Carneddau.

The second shows the Snowdon Horseshoe with Moel Siabod to the right in front of it. (You may need binoculars!)

Perhaps the views will stir your artistic imagination.
